### Helpful Terms to Know

Throughout this guide, important words will be shown in **bold italic text** when they first appear. Definitions and descriptions of these words can be found in the Terms to Know box on page 7.

### What You Need to Know About the Plan Year

The **plan year** for your insurance will be shorter than usual this year.

**After the end of this year (December 31, 2010), all plan limits and deductibles will be reset.**

Beginning next year, the plan year will be January 1 through December 31.

**Can help pay for care when you need it:** If you are sick or injured, or have a cavity, medical and dental insurance can help you pay for treatment from a doctor or dentist, which saves you money.

**Protects the health of you and your family:** A yearly medical, dental or vision checkup can help you stay healthy by catching minor problems before they become more serious or prevent them from occurring in the first place.

**Supports you and your family:** If you can't work due to an off-the-job accident or illness, insurance can provide you access to the care you need to recover as well as provide some income for you and your family while you are out of work. You can also provide your family a benefit in the event of your death.

**Saves you money:** Using doctors, hospitals and other providers in the network can save you as much as 30% on the cost of your care.

### Who is eligible?

If you are an **hourly paid employee of a McDonald's McOpCo restaurant, you are eligible to sign up for one or more of the benefits described in this guide.**

For employees new to McDonald's, after you meet the **30-day** new hire waiting period, you have 45 days to choose your benefits. If you don't enroll within 45 days, you will have to wait until the next enrollment period or until you have a qualifying life event.

### What is a qualifying life event?

A qualifying life event is defined as a change in your status due to one of the following:

- Marriage\*
- Loss or gain of insurance coverage by your spouse\*
- Birth or adoption of a child(ren)\*
- Divorce\*
- Loss of Medicaid coverage\*\*
- Eligibility for premium assistance under a Medicaid or SCHIP plan\*\*

\*You have 30 days from the date of the qualifying life event to enroll

\*\*You have 60 days from the date of the qualifying life event to enroll

This limited health benefits plan does not provide comprehensive medical coverage. It is a basic or limited benefits policy and is not intended to cover all medical expenses.

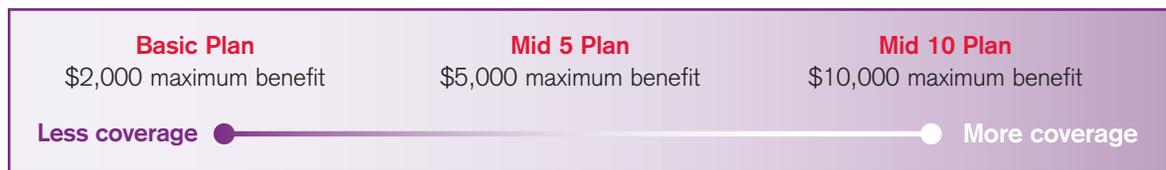

## MEDICAL BENEFITS

Do you take any medication that requires a prescription? Do you need to see a doctor about a health concern? Want to know if you're actually healthy?

Medical insurance helps pay for the care you need when you're sick, injured or have an ongoing medical condition. And if you're not sick, medical insurance can help you stay healthy by offering checkups through the wellness benefit.

### What You Get in the Basic, Mid 5 and Mid 10 Plans

Each plan offers a different level of coverage — so the higher the maximum benefit, the more the plan will pay when you need medical care.

### Here's how medical insurance works:

**1** You pay the **co-pay** for a doctor's office visit, convenient and urgent care clinic visits and prescriptions. Once you pay the **co-pay**, the insurance will pay the rest of the expenses up to the plan year maximum benefit.

OR

You pay the **deductible** for the plan year before the medical plan begins to pay for many services. Each dependent you sign up will have his or her own deductible. Deductible amounts will start over at the beginning of each plan year.

**2** Once your deductible is met, the insurance begins to pay a portion of the total costs (**co-insurance**) for those services that required a deductible up to the **plan year maximum benefit**.

**3** Benefits stop when the plan year maximum benefit is reached. Every time you get some kind of medical care, the insurance company keeps track of the actual cost of that service. For example, if you go to the doctor, you may only pay \$20, but the real cost could be \$150. So the difference between these amounts (\$130) is the benefit you received from the plan; it's the amount the insurance company pays.

These costs add up to a plan year maximum benefit (the most the plan will pay for services during the plan year). Once you reach your plan year maximum benefit, your insurance will not pay any additional charges for the remainder of that plan year. However, you will still receive network discounts even after you've reached your maximum plan year benefit. Each covered dependent will have his or her own maximum to reach.

The Mid 5 and Mid 10 Plans have an outpatient plan year maximum where your **outpatient expenses**, like a doctor's office visit or filling a prescription, count toward your outpatient plan year maximum benefit.

## Basic, Mid 5 and Mid 10 Plans

These three plans differ in the plan year maximum benefit and the plan year deductible to help you make the best choice.

|   | Basic              | Mid 5   | Mid 10  |
|---|--------------------|---|---|
| <b>Plan Year Maximum Benefit</b>                                  | \$2,000 per person | \$5,000 per person (up to \$1,500 for outpatient services)  | \$10,000 per person (up to \$2,000 for outpatient services) |
| <b>Plan Year Deductible</b><br>(you pay this once each plan year) | \$150 per person   | Inpatient: \$150 per person<br>Outpatient: \$150 per person | Inpatient: \$150 per person<br>Outpatient: \$150 per person |

## Get Your Checkup and Stay Healthy!\*

The key to staying healthy is stopping health problems from getting too serious or preventing them from occurring in the first place. Conditions like diabetes and high cholesterol can lead to more serious illnesses like heart disease, so it's important to look for signs early on.

**Here are some easy ways you can stay healthy and save money by having medical insurance:**

For **\$20** ...  
you can go to the doctor  
and receive a checkup\*

For **\$10** ...  
visit a Convenience  
Care Clinic\*

For **\$5** ...  
fill your prescription  
with a generic drug\*

For **\$0** ...  
speak to a nurse about  
a health concern

\* Subject to policy benefit limits.

|  | You Pay  | Plan Pays<br>(up to the plan year maximum benefit) |
|--|--|--|
| <b>Primary Care Office Visits</b><br>(doctor charges, labs and diagnostics are included in your co-pay)                      | \$20 co-pay  | 100% of the remaining balance                      |
| <b>Specialist Office Visits</b><br>(doctor charges are included in your co-pay)  | \$20 co-pay  | 100% of the remaining balance                      |

| <b>Wellness Benefit</b><br>(checkup)   | \$20 co-pay  | 100%, up to \$250                                  |

| <b>Inpatient Hospital Services</b>   | 30% after deductible                                       | 70%  |
| <b>Prescription Drugs</b>  | Generic drugs: \$5 co-pay<br>Brand-name drugs: \$50 co-pay | 100% of the remaining balance                      |

**Some important things to know about your deductibles and maximums:**

**Basic Plan:** Your plan year deductible applies to all inpatient and some outpatient services. Where a co-pay applies, you do not need to meet a deductible. For all other services, you need to meet the \$150 deductible first and then the plan pays a percentage of remaining allowable charges up to the plan year maximum benefit.

**Mid 5 and Mid 10 Plans:** You have separate \$150 deductibles for inpatient and outpatient services. Certain outpatient services like doctor visits require a co-pay but no deductible. For all other outpatient services, and for all inpatient hospital services, you must first pay the plan year deductible, and then the plan will pay 70%, up to the plan year maximum benefit.

**High Plan**

The High Plan is a self-insured plan administered by BlueCross BlueShield of Illinois (BCBSIL). Unlike the Basic, Mid 5 and Mid 10 Plans, the High Plan does not have a plan year maximum benefit, so there's no limit on how much the plan will pay. BCBSIL will provide enrollees with a High Plan ID card.

- A letter confirming that you have coverage under the insurance plans you chose

## If You Need to Cancel Your Insurance During the Year

If your payroll deductions are taken after-tax, you can cancel your benefits at any time. If your payroll deductions are taken before-tax, you will pay for benefits for the year and will only be able to cancel coverage during an enrollment period or when you have a qualifying life event, such as marriage, birth of a child or divorce.

## When Your Coverage Ends

Your insurance coverage will continue unless you:

- Cancel your benefits, as described above
- Miss six weeks of payroll deductions in a row and you don't pay these missed premiums directly to the McDonald's Insurance Program Support Center
- If you cancel coverage or miss six weeks of deductions, you must wait for the next enrollment period or experience a qualifying life event to re-enroll

\*If you sign up for the High Plan, you will receive your ID card directly from BCBSIL. If you enroll in another medical plan and/or the dental plan, you will receive an ID card with a confirmation letter and SPD. Enrollees in term life and short-term disability will receive a confirmation of coverage and an SPD. For vision coverage, enrollees will receive a separate ID card and information through EyeMed. If you do not receive these documents after three weeks, please contact EyeMed at 1-866-723-0513.

## Wait for Your Insurance to Begin

**If you are enrolling during the Spring Open Enrollment period:** Your benefits will begin during the first pay period that includes July 1, 2010. You will not have coverage before this date unless you are already enrolled in MIP for McOpCo for the current plan year.

**If you are a new hire or enrolling outside the Spring Open Enrollment period:** Your benefits begin the first day of the payroll cycle for which you have a payroll deduction.
