A BILL

To increase the capacity of research and development programs of the Federal Government that focus on industries of the future, and for other purposes.

1. Be it enacted by the Senate and House of Representa-
2. tives of the United States of America in Congress assembled,
3. SECTION 1. SHORT TITLE.
4. This Act may be cited as the “Industries of the Fu-
5. ture Act of 2020”.
6. SEC. 2. SENSE OF CONGRESS ON INVESTMENT IN RE-
7. SEARCH AND DEVELOPMENT.
8. It is the sense of Congress that—
(1) the United States must drive technological breakthroughs through research and development investments across the Federal Government, academia, and industry in order to promote scientific discovery, economic competitiveness, and national security;

(2) the United States must identify key research infrastructure investments that enable these technological breakthroughs and establish the domestic capabilities necessary for the United States to lead in the industries of the future;

(3) the United States must encourage opportunities for collaboration between the Federal Government and the private sector so that through such partnerships, all can benefit from each other’s investment and expertise, ensuring United States leadership in the industries of the future;

(4) the United States must encourage opportunities for collaboration between the Federal Government and the private sector so that through such partnerships, all can benefit from each other’s investment and expertise, ensuring United States leadership in the industries of the future; and

(5) in order for the United States to maintain its global economic edge, Federal investment must be made in research and development efforts focused
on industries of the future, such as artificial intelligence, quantum information science, biotechnology, and next generation wireless networks and infrastructure, advanced manufacturing, and synthetic biology.

SEC. 3. REPORT ON FEDERAL RESEARCH AND DEVELOPMENT FOCUSED ON INDUSTRIES OF THE FUTURE.

(a) In General.—Not later than 120 days after the date of the enactment of this Act, the Director of the Office of Science and Technology Policy shall submit to Congress a report on research and development investments, infrastructure, and workforce development investments of the Federal Government that enable continued United States leadership in industries of the future.

(b) Contents.—The report submitted under subsection (a) shall include the following:

(1) An assessment of the current baseline of investments in civilian research and development investments of the Federal Government in the industries of the future.

(2) A plan to double such baseline investments in artificial intelligence and quantum information science by fiscal year 2022.
(3) A detailed plan to increase investments described in paragraph (1) in industries of the future to $10,000,000,000 per year by fiscal year 2025.

(4) A plan to leverage investments described in paragraphs (1), (2), and (3) in industries of the future to elicit complimentary investments by non-Federal entities to the greatest extent practicable.

(5) Proposed legislation to implement such plans.

SEC. 4. INDUSTRIES OF THE FUTURE COORDINATION COUNCIL.

(a) Establishment.—

(1) In General.—The President shall establish or designate a council to advise the Director of the Office of Science and Technology Policy on matters relevant to the Director and the industries of the future.

(2) Designation.—The council established or designated under paragraph (1) shall be known as the “Industries of the Future Coordination Council” (in this section the “Council”).

(b) Membership.—

(1) Composition.—The Council shall be composed of members from the Federal Government as follows:
(A) One member appointed by the Director.

(B) One member appointed by the Director of the Office of Management and Budget.

(C) A chairperson of the Select Committee on Artificial Intelligence of the National Science and Technology Council.

(D) A chairperson of the Subcommittee on Advanced Manufacturing of the National Science and Technology Council.

(E) A chairperson of the Subcommittee on Quantum Information Science of the National Science and Technology Council.

(F) Such other members as the President considers appropriate.

(2) CHAIRPERSON.—The member appointed to the Council under paragraph (1)(A) shall serve as the chairperson of the Council.

(c) DUTIES.—The duties of the Council are as follows:

(1) To provide the Director with advice on ways in which in the Federal Government can ensure the United States continues to lead the world in developing emerging technologies that improve the quality of life of the people of the United States, increase
economic competitiveness of the United States, and
strengthen the national security of the United
States, including identification of the following:

(A) Investments required in fundamental
research and development, infrastructure, and
workforce development of the United States
workers who will support the industries of the
future.

(B) Actions necessary to create and fur-
ther develop the workforce that will support the
industries of the future.

(C) Actions required to leverage the
strength of the research and development eco-
system of the United States, which includes
academia, industry, and nonprofit organiza-
tions.

(D) Ways that the Federal Government
can consider leveraging existing partnerships
and creating new partnerships and other multi-
sector collaborations to advance the industries
of the future.

(2) To provide the Director with advice on mat-
ters relevant to the report required by section 4.

(d) COORDINATION.—The Council shall coordinate
with and utilize relevant existing National Science and
Technology Council committees to the maximum extent feasible in order to minimize duplication of effort.

(e) **SUNSET.**—The Council shall terminate on the date that is 6 years after the date of the enactment of this Act.
